### **Private Foundation Mon Clinic Barcelona**

We are a private, newly created, and non-profit Foundation, linked to the Hospital Clinic de Barcelona, whose mission is to strengthen public health and improve the quality of life of citizens. To respond to our founding goals, we have an academic CRO for conducting clinical studies, initiated by the pharmaceutical and health technologies industry or by researchers, both in the field of medicines and medical devices, offering a comprehensive portfolio of services to meet the needs of our customers.

We are looking for a talented and motivated Safety Associate to join our team. As a Safety Associate you will be responsible for the day-to-day implementation and monitoring safety to ensure compliance with all relevant regulations for clinical studies.

#### **Main Responsibilities:**

- Support management of periodic reports on clinical study safety, through gathering data, analyzing safety signals, and timely submission to Regulatory Bodies and Independent Ethics Committees.
- Support the implementation of safety monitoring strategies by tracking adverse events, assisting in the evaluation of safety data, and contributing to the management of reportable incidents in accordance with regulatory requirements.
- Verify the adequacy of the safety reports fulfilled by the clinical studies to meet pertinent regulatory and safety standards, and to be consistent with the safety databases

#### **Skills, Experiences and qualifications required for the job:**

- BS/MS degree or similar in human health related discipline
- At least 1 year of experience in a safety role within biotechnology or pharmaceutical industry or other equivalent experience.
- Excellent written and verbal communication skills in English.
- Work effectively and productively
- Strong interpersonal, communication and presentation skills
- Very high sense of integrity and confidentiality

#### **Working conditions:**

- Full time position
- Offices located in the center of Barcelona
- Working remotely is an option
- Salary to be determined according to the experience
- Starting date of the contract: September-October 2024
